

## **AN OPEN LETTER TO ALL THE YOUNG PEOPLE WHO ASPIRE TO PARTICIPATE IN THE FULL-TIME TRAINING IN MALAYSIA**

28 January 2017

Dear Brothers and Sisters,

We would like to take this opportunity to fellowship with you a few important matters regarding your preparation for the Full-time Training in Malaysia (FTTMY). Whether you are still in the secondary school or in college, you should take these points seriously if you plan to attend FTTMY at some future date.

**1. Your reasons for coming to the training.** You should not join the training simply because you had once told yourself that you would come, or because your friends are coming, or because your parents or serving ones want you to come, or because you need to “fix up” your spiritual life. While these may be good intentions, you must first and foremost possess a personal desire, no matter how weak it seems, to be perfected as a living, functioning, and overcoming member of the Body of Christ for the fulfillment of God’s eternal purpose. In other words, you must have a heart to be trained. You should not come to the training just to “put in your time” or to “look good” in front of other saints. The FTTMY is not only a place of enjoyment and glory, but of discipline and exposure. Its goal is high and its standard uncompromising because it is a training of the Lord’s recovery according to God’s economy. Although the benefit one can reap from it is unlimited, it is not for everybody. This training is for those who are seeking and desirous. Having said that, we are still strongly persuaded that there is no better place for a seeking young brother or sister to be, after their college/university graduation than the full-time training!

**2. Living your life with the training in view.** If you intend to join the full-time training some day, we encourage you first of all to hand yourself over to the Lord for this purpose, that is, to consecrate your life specifically to Him and His will so that the training has priority over all your other objectives. Such a consecration is in the principle of seeking first the kingdom of God and His righteousness (Matt. 6:33). It will surely be honored and remembered by the Lord. Second, sanctify your life style from worldliness for the sake of the training and do not be conformed to this age. In particular, avoid any personal involvement or relationship with members of the opposite sex. This is in the principle of purifying yourself with the hope of being like the Lord when He is manifested one day (1 John 3:2-3). Third, thoroughly immerse yourself in the church life wherever you are. Like a plant nursery, the church life is the special environment that preserves and nurtures you humanly and spiritually, preparing you for the full-time training phase of your life.

**3. What you must read before you come.** In addition to getting a mandatory college/ university degree, you must have, at a minimum, read through the following books before you can enroll in FTTMY:

The entire Bible once (the Old and New Testament Recovery Version, preferably more than once). Books by Witness Lee: The All-inclusive Christ, The Economy of God, Young People’s Training, Basic Lessons on Life, A Young Man in God’s Plan, A Brief Presentation of the Lord’s Recovery, The Basic Revelation in the Holy Scriptures, Character; The Glorious Church by Watchman Nee.

Reading the Bible will ensure that you have a general idea of the contents of the Scriptures. The ministry books, on the other hand, will provide you some basic spiritual knowledge of the crucial items in the recovery. It may seem like a lot of work, but with a little scheduling you can easily finish reading all of them in a few years. In fact, we encourage the serving ones in the college campus work in the churches to devise a four-year plan to help our young people read through the Bible and these spiritual publications. Furthermore, we cannot encourage you strongly enough to participate in all the 7 annual international conferences and trainings in the Lord’s recovery today (either live or by video). This will develop in you a healthy appetite for the ministry through which the divine revelation from the interpreted word comes. Those who plan to come to the training should try to read as much of the Bible

(finish the New Testament for sure) and the various titles from this book list as possible. Thereafter, reading from the entire list will be a prerequisite for all FTTMY applicants.

**4. Financial considerations.** If possible, you should save up some money so that you can support yourself, in however small a way, while in the training. The two-year training will cost around RM24,000 (the cost for one-year training will be around RM12,000) in room and board, including expenses for all activities during training in session, but excluding personal expenses. Although your sending church or your parents may be willing to help you financially, your own putting aside something over the years (this is especially for those who have time to prepare for this, e.g., even during your secondary school years) with the full-time training in view is a strong indication of a serious attitude and commitment on your part. Also, you should try not to incur unnecessary debt aside from student loans, nor accept scholarships that bind you for many years (unless you really have no other alternative to support your studies). As a young person, you should cultivate proper spending habits. You should learn to live within your means, neither borrowing nor squandering away your money, but laying it aside for a heavenly and divine purpose. We even propose that you start a savings account dedicated for your expense needs in FTTMY. In any case, try not to be entangled or encumbered by the affairs of this life so that you can please the Lord who has enlisted you in His army (2 Tim. 2:4).

**5. A foretaste of the training.** The FTTMY may be open for certain periods of time for short-term enrollment to university, college and upper secondary school students while it is in session. For example, you are welcome to participate as a short-term trainee during your school breaks. This short foretaste may help you to become more determined to enter the two-year full-time training after you graduate from college. Moreover, fellowship often with the full-timers and trainees from your locality to stay informed about the training. Join them in their labors and get a taste of what full-time training life is like.

**6. A heart to serve the Lord full-time.** Some of you may have been touched by the Lord from time to time to consider serving Him as a full-timer for the rest of your life. While such a desire is not a requirement for attending FTTMY and must be subject to the test of time, environment, and the Body, we do encourage you to water that seed within you. The burden of the training is also to produce a good number of young people who will present their whole life to the work of the recovery to spread His testimony throughout the earth for the consummation of this age.

If you have any questions about FTTMY, please contact the responsible brothers in your locality, or call up our office (03-80618034), or feel free to contact any of the following brothers:

Bro. Tay Guan Whatt at 016-3338983

Bro. Ho Yew Cheong at 016-3327211

Bro. Lee Onn Peng at 016-2621982

May the Lord bless you, strengthen you, and prepare you for the training through your cooperation with Him in the coming days. Hope to see you in FTTMY! Grace be with your spirit.

In Christ,

Serving Brothers

Full-time Training in Malaysia

## **One-year Full-time Training**

We are happy to announce to the saints concerning the one-year full-time training consisting of 2 terms under the Full-time Training in Malaysia (FTTMY), besides the two-year full-time training which is still on-going.

It has always been our earnest anticipation since the beginning of the full-time training in Malaysia in the year 2000 that many young people can separate out two years of their time to be trained and be perfected for the Lord's interest. We are thankful to the Lord that until now, there are more than 300 saints who have passed through this training. However, there are also saints who are unable to join the full-time training for the full duration of two years due to various reasons which they are unable to solve or overcome at the moment. Nevertheless, they are able to come for a full year. Through much fellowship, prayers, and considerations among the serving ones, we felt led by the Lord to care for this group of saints and thus are willing to accept trainees who can at least come for one year of full-time training.

One-year full-time training began with the first intake in August 2012, and the sixth intake will begin on 31 July 2017. It is our sincere hope that saints who are fresh graduates or many who are already holding a job would seize this opportunity and consider attending the training for at least one year. Of course at the completion of the one-year training the trainee is strongly encouraged to also continue into the second year of full-time training if circumstances have changed and allow them to be trained for two full years. If they are unable to continue, and have to stop after one year, we believe their one year of training will still be very profitable to all, and the Lord will honor their one year consecration to be trained.

The basic requirement for application for this one-year training is the same as that for two years, i.e., having a university degree, age between 21 to 40 years old and in sound physical and mental health. The procedure for application is the same as the two-year training. Please note that if you are already able to decide to come for two years of training, you should choose two years, instead of choosing to come for one year and then have the option of continuing into the second year. We trust the Lord Himself will guide you in your prayers and in your decision before Him in this matter.

Grace be with your spirit. We look forward to meeting you in the training! Amen.
